

## IMMUNIZATION RECORD Cloverdale Campus Childcare

### FRASER HEALTH IMMUNIZATION RECORD DECLARATION

Community Care Facilities (CCF) licensed to provide care to children or youth are required to have a copy of the Immunization Record on file for each person in care in the event that an outbreak of a communicable disease should occur. This information will assist in the immediate exclusion of those who are unimmunized.

In recent years, CCF's appear to be having difficulty in acquiring a copy of the Immunization Record from families and facilities are being coded for being in non-compliance with the legislation.

Although Licensing expects a copy of the immunization record to be on file for each person in care, this form has been provided to:

- Assist in identifying those children who are not fully immunized and
- Assist CCF's in meeting Section 21 (1) (a) of the Child Care Licensing Regulation.
