

FRASER HEALTH IMMUNIZATION RECORD DECLARATION

Community Care Facilities (CCF) licensed to provide care to children or youth are required to have a copy of the Immunization Record on file for each person in care in the event that an outbreak of a communicable disease should occur. This information will assist in the immediate exclusion of those who are unimmunized.

In recent years, CCF's appear to be having difficulty in acquiring a copy of the Immunization Record from families and facilities are being coded for being in non-compliance with the legislation.

Although Licensing expects a copy of the immunization record to be on file for each person in care, this form has been provided to:

- Assist in identifying those children who are not fully immunized and
- Assist CCF's in meeting Section 21 (1) (a) of the Child Care Licensing Regulation.

To be completed by Parent/Guardian:

Child's/Youth's Name

Date of Birth

Complete Immunization:

- Written proof of vaccinations attached
- Written proof of vaccinations unavailable

Received immunization in:

Year of last Vaccine

City

Province

Country (if not in Canada)

Incomplete Immunization:

- My child has had some vaccinations
- My child has no vaccinations
- I do not know
